

ATTACK ON THE ADMINISTRATION

Carmack of Tennessee, Utters Bitter Words in the Senate Today.

JUMPS ON FUNSTON

Advices of Terrible Results of the Earthquake in Guatemala on April 18.

SHOCKS CONTINUING

Washington, April 23.—Carmack of Tennessee, a member of the senate Philippine committee discussing the civil government bill in the senate today, bitterly opposed the administration's policy. He said the bill like the Philippine tariff bill, simply presented one aspect of imperialism. He held it was not a question only of framing just laws for the Philippines, but the question of right to make any laws whatever for the Philippines. The claim of the republicans is that they have burned enough towns, wasted enough country and killed enough people to make good their right. The land is ours because we have strewn it with the ashes of its homes and drenched it with the blood of its people.

Carmack quoted an utterance from President Roosevelt, charging that "treasonable" utterances had incited the Philippines to insurrection and said one should not judge the president in his moments of oratorical ferocity and when the frenzy of battle was in his blood. He said Roosevelt had habitually spoken of the Philippines as "savages" and "barbarians" which inflamed people against the United States.

He described Funston as a "jayhawker, a brigadier from Windsch plain, the mightiest Sampson that ever wielded the jawbone of an ass as a weapon of war."

EARTHQUAKE IN GUATEMALA

Many Cities and Towns in That Country Almost Totally Destroyed

Washington, April 23.—The state department today received two cablegrams from Guatemala concerning the terrible earthquake in that country on April 18. The contents is as follows:

"The Guatemalan government requests me to cable that on the night of April 18th an earthquake occurred causing much destruction to life and property. Many towns and cities are almost entirely destroyed. The loss is as yet unknown. The consular agent at Quetzaltenango reports that the earthquake was a frightful catastrophe. The entire city is in ruins and the consulate is destroyed. Two hundred are known to be killed and it is thought many more. There is great damage throughout the republic and the shocks still continue.

FUNSTON IS REPRIMANDED

President Orders Him to Stop Discussing Philippine Question in Public

Washington, April 23.—Gen. Funston has been officially reprimanded by the president for saying in a recent speech that Senator Hoar "was afflicted with an over-heated conscience." The Kansas is also ordered to cease any further public discussion of the Philippine question. The following is the letter of reprimand made public by the war department this morning: "I am directed by the president to instruct you that he wishes you to cease further discussion of the situation in the Philippines and also to express his regret that you should make a senator of the United States an object of public criticism or suspicion. Wm. Cary Sanger, acting secretary of war."

BOCAS DEL TORO IS RECAPTURED

Colon, Columbia, April 23.—Bocas del Toro, which was captured by the insurgents on April 18, has been retaken by the government. The troops arrived with reinforcements and threat to bombard the city by the government with a gunboat impelling the insurgents to capitulate.

BOERS KILL BRITISH OFFICERS

Sunday's Battle Show Bad Results for the Red Coats.

London, April 23.—A casualty list just made public shows that fighting in South Africa has not ceased. Last Sunday two British officers were killed near Ficksburg in the southeastern part of the Orange River colony. One of the officers killed was Captain St. Thomas Fowler, the only son of the late lord mayor of London.

Four men were killed and three of officers were wounded in a Sunday engagement in the eastern part of the Transvaal.

General Bruce Hamilton has concluded another big drive, in which seven columns were engaged over a great area. The result is not yet known.

Lord Milner, the British high commissioner in South Africa, is returning to Cape Town. He has been in conference with the Boer delegates at Pretoria.

FRACTURED SKULL MADE NEW

Saginaw Doctors Graft Dog Bones on Man's Head.

Saginaw, Mich., April 23.—Physicians of the college hospital have performed a remarkable operation, that of grafting a piece of a dog's skull upon a human head. The patient is John Olberg of Kanton, Houghton county. He is now recovering from an old affliction. Olberg's head was fractured four years ago. Over the hole, which was an inch and a half in diameter, there formed a foreign growth. This pressed on the brain and caused convulsions. When it was decided to operate on Olberg the doctors chloroformed a dog and removed a piece of its skull. The piece taken out was then implanted in the opening in Olberg's head.

REPUBLICANS OF INDIANA MEET

Senator Beveridge Speaks of Plan to Put Trusts Under Government Supervision.

Indianapolis, Ind., April 23.—The republican convention was called to order this afternoon. The entire Indiana Congressional delegation including Fairbanks and Beveridge had seats on the stage. Beveridge made permanent chairman and was given a rousing reception. He made a lengthy address to the convention, endorsing the policy of the administration and brought out and recommended a national supervision of the trusts as a solution of the problem.

TIE-UP THREATENS CITY OF CHICAGO

Chicago, April 23.—The tie-up of all the lines of the Chicago city railway company is threatened as a result of the strike of the firemen who demand recognition of the union. The teamsters and power house engineers informed the company this morning that they would strike if the firemen's demands were not granted. The company has about three days' supply of coal on hand.

STRIKING WEAVERS IN MOB VIOLENCE

Patterson, N. J., April 23.—The striking dyers and helpers resorted to mob violence again today when they attacked two silk mills and engaged in a pitched battle with the police. Shots were exchanged and two policemen were badly wounded. The strikers were forced back but more trouble is feared.

New International Judge

Salt Lake, Utah, April 23.—William G. Van Horne, an attorney of Salt Lake, was appointed judge of the Court of First Instance at Cairo, Egypt, according to the Telegram. The position is a life one. The Court of First Instance is an international body, maintained by the various maritime governments, and passes upon questions arising out of the Suez canal traffic and kindred matters.

Attorney Shoots a Doctor

Neenah, Wis., April 23.—Charles Gaffney, a prominent attorney of this city, went to the office of Dr. C. O. Hansen and shot him three times. Gaffney and his wife were divorced a short time ago and he imagined Hansen and his former wife were to be married. Hansen's wounds will not prove serious. Gaffney was arrested and taken to Oshkosh.

Illinois Debater Chosen

Urbana, Ill., April 23.—R. B. Bundy of Pesotum was chosen to represent the University of Illinois in the annual intercollegiate oratorical contest at Ohio Wesleyan university on May 15. He won from eight other contestants with an oration on "Harrison as Ex-President." He is a senior in the College of Literature and Arts.

For French Normal School

Paris, April 23.—A wealthy American woman, who resides in Paris, has given M. Mabillean, director of the Musée Sociale, 1,000,000 francs (\$200,000) for the founding of a French normal school, which President Harper invited M. Mabillean to go to Chicago to establish and administer.

Charged with Killing Aged Wife

Cleveland, Ohio, April 23.—Mrs. Sarah Lynch, 75 years old, living at 603 Tod street, was found dead in the rear of her home, and her husband, Martin Lynch, 60 years old, is under arrest charged with her murder. Lynch declares that he found his wife dead when he returned from work.

Marsh Fire in Indiana

Goshen, Ind., April 23.—A blaze which originated from a marsh fire at Wolfe Lake destroyed twelve residences and the Methodist church. The loss is estimated at \$60,000. Wolfe Lake is without fire protection.

To Build a Cement Walk

The Rock County Soldier's Memorial committee, who have the improvement of the lot surrounding the soldiers' monument in hand, have let the contract for building the cement walks to George Cannon. The lot will be graded and sodded so as to have it in first class shape for the dedication ceremonies in August.

SUDDEN CHANGE IN THE WEATHER

Blizzards, Tornadoes and Cyclones End Heated Term in Northwest.

BADGER STATE HIT

Very Much Injury to Property in Wisconsin, and Some Loss of Life

HIGH WINDS AND RAIN

Telegraphic reports from all parts of the Northwest indicate that the heated wave that has afflicted that section for the last two days has been broken. In North and South Dakota heavy snowstorms are prevailing and railroad traffic has been generally tied up.

In Minnesota the temperature has taken a sudden drop, rain is reported in various parts of the state, and the indications are that the Dakota blizzard will sweep through it. At Duluth a gale has been blowing for days, and it is reported there that the big steamer Frank Peavey has gone down on Lake Superior, although the report is without confirmation.

Loss of Life Resulted

Various places in Wisconsin were yesterday the scenes of violent wind storms, which in some cases, attained the proportions of a tornado, and resulted in much damage to property and in one case in loss of life. Rain fell at many points. At Granite City, Ill., a hurricane struck the tent in which 800 lives were imperiled.

At Rockford, Ill., a tornado did \$10,000 worth of damage to the city but no loss of life resulted. The hot wave appears to have shifted to the eastern and central tier of states, and in New York it was so hot that a man was prostrated, while in Ohio almost record temperatures for the time of year were reported.

Storm in Badger State

Wisconsin seemed the chosen sporting ground of the storm, however. The morning everywhere was hot; at La Crosse the temperature of 86 degrees broke all records. The afternoon brought many cyclonic winds that devastated many widely separated tracts of country and resulted in loss of human life.

At three o'clock a tornado passed through the little village of Hebron, killing Gilbert Reed, a hired man, and six head of cattle, and blowing down two barns. The wind flattened the tombstones in the cemetery at Johnson's Creek, in Jefferson county, and picked up a child hurling it against a fence.

The City of Oshkosh experienced a dust storm that dimmed the streets like a London fog, and the citizens were thankful it was not the tornado they expected. LaCrosse, after being baked, was swept with a terrific wind and rain storm, which damaged buildings. The rain at Cumberland quenched a forest fire.

Tombstones Blown Down

At Johnson's Creek, tombstones were blown from their settings, a barn was wrecked, and little Mary Pertsch was injured in a tornado-like gale that struck there in the afternoon shortly after three o'clock. For a few minutes the wind blew at a velocity greater than ever before recalled by old residents.

As the result of the terrific gale that struck Hebron late in the afternoon barns on the farms of Adam Raymond and William Patterson, were wrecked and Philip Reed, aged 35 years, a tenant of Mr. Patterson, was killed. He was in the structure at the time and was buried under the falling timbers.

High Winds do Damage

Today's reports from the various parts of the state tell of much damage done by the high winds. Oshkosh, Waukegan, Woodland, Horicon, Green Bay, and other points report small buildings blown down, trees uprooted, and similar freaks of the wind. At Cumberland the heavy rains put out a forest fire which threatened to do great damage. At New Richmond Arthur Roetger, 14 years old, was struck by lightning while eating lunch in a school house and instantly killed.

FIVE BOERS KILLED: TWENTY CAPTURED

Bloemfontein, April 23.—The British patrol today surprised a Boer laager at Kroodas in the Orange River colony. Five Boers were killed and twenty captured.

Ocean Steamship Combine

Glasgow, April 23.—Representatives of the Anchor and Allen steamship lines say that although their companies are outside the new shipping corporation, they are not unfriendly to it, or pessimistic as to its effects, adding that if it results in uniform rates the combination will be regarded as an advantage to the other lines.

Mississippi Town Scorching

Carrollton, Miss., April 23.—Fire, which broke out in the storehouse of Fox Brothers at North Carrollton, destroyed one dwelling house, two hotels and twelve storehouses. The People's Bank was badly damaged. The loss is between \$50,000 and \$60,000.

CORNER IN THE HEN MARKET

Chicago Packing Houses Are in Complete Control of Poultry.

MAKE A BIG PROFIT

Their Holdings in Cold Storage Are Estimated at Over 50,000 Pounds

ADVANCE IS EXPECTED

Chicago, April 23.—Three great firms practically have complete control of the poultry market. Through the ownership of two-thirds of the poultry in the country they are said to be able to fix at will the prices for broilers, roasters, the poor grades of chickens that go under the trade name of fowl and for turkeys. The firms having control are Armour & Co.; Swift & Co.; Priebe & Semler, of Bushnell, Ill.

All over the western states, in Omaha, Kansas City, St. Joseph, Chicago and in hosts of small towns these firms have cold storage plants. The estimate is that they have 500,000 cases of poultry of about 100 pounds each in cold storage.

Their profit has already been immense. Fancy dressed chickens have sold as high as 11 1/2 cents, against 3 1/2 cents a year ago at this time.

Advance is Expected

The price yesterday was down to 10 3/4 and 11 cents, but an advance is expected. Turkeys are now 5 to 6 cents higher than a year ago and are expected to go 4 cents higher, possibly to 20 cents a pound.

The present high price of eggs, 16 cents, against 12 cents a year ago, is due, commission men say, partly to the heavy storage demand, and partly to the demand for eggs for immediate consumption, which is heavier than ever before.

The problem is regarded not as one of a trust or combination so much as it is of the effect which the perfection of cold storage methods and the great extension of its use within the last three years has had upon the produce trades.

Wield Immense Power

It is admitted that the cold storage warehouses have put an instrument of immense power over the necessities of life in the hands of firms which are in a position to take advantage of them on a large scale. Already discussion is active as to the possibility of gaining public control over the cold storage business by a state law enforcing public reports at least once a week, so that the public will be able to keep posted on the speed with which the supplies that are sent to the market for the consumers are side tracked in the warehouses from which they will not issue until prices have been pushed up to a point that means hundreds of thousands of dollars of profit to the manipulators.

Massachusetts has such a law governing the cold storage warehouses, and Illinois has used the same principle in controlling public grain warehouses.

THE COMPLAINTS OF LIVE STOCK MEN

Charge the Western Roads with Making Discriminating Rates on Shipments to Chicago.

Chicago, April 23.—Formal complaint has been made by the Chicago Live Stock Exchange charging the twenty-six railroads composing the Western Trunk Line Committee with making unjust and discriminating rates on live stock shipped from Iowa, Minnesota, Missouri and Wisconsin to Chicago.

The document has been filed with the interstate commerce commission and is signed by T. W. Tomlinson, secretary of the exchange. The commission has sent copies of the complaint to the trade officials of the lines interested demanding answers under oath to the questions asked. The answer in nearly every case is essentially the same and denies the allegations.

Summarized the charges are that the roads mentioned are making rates on live stock to Chicago which are unreasonable and unjust when compared with the rates published on live stock products. These rates, it is claimed, are in violation of the interstate commerce act, which prohibits rate discrimination. It is further charged that the rates complained of operate to the disadvantage and prejudice of the live stock raisers in the states named when transporting stock from Kansas City, South St. Joseph, South Omaha, Sioux City, South St. Paul and points east to Chicago.

MRS. NORRIS CALLED HOME

Was Candidate for Presidency of Federation of Women's Clubs

Los Angeles, Cal., April 23.—Mrs. Charles S. Norris, a prominent club woman of Wisconsin, who arrived here a week ago to attend the biennial session of the Federation of Women's Clubs, returned home today because of the sudden illness of a near relative. The absence of Mrs. Norris from the biennial Wisconsin delegation, by whom, it is said, she was to be supported for the presidency of the federation.

ISSUES PARDON FOR REEVES

Governor General Wood Orders That He Be Liberated.

Havana, April 23.—Governor General Wood has issued an order pardoning W. H. Reeves, who was recently sentenced to ten years imprisonment and to pay a fine of \$35,516 for complicity in the Cuban postal frauds. Reeves was liberated at once.

General Wood says he pardoned Reeves because he was a witness for the state. The order pardoning him did not come as a surprise, for it has been generally understood ever since Estes G. Rathbone was first accused of connection with the postal frauds that Reeves had been promised immunity by the military governor. This had been denied, as well as the fact that the government had been using Reeves as a witness for the state.

MENGES SUCCEEDS E. B. HEIMSTREET

Madison Man Elected Secretary of the State Board of Pharmacy

Madison, Wis., April 23.—(Special)—A. F. Menges, of this city, was this morning elected secretary of the state board of pharmacy, to succeed E. B. Heimstreet of Janesville, who has been secretary about twenty years, but whose term as a member of the board expired on April 12. H. C. Schranck, of Milwaukee, was re-elected president of the board.

Examination of applicants for pharmacists' license was begun by the board today, to conclude tomorrow. About ninety young men are taking the examination.

The retail druggists of Madison and the faculty of the School of Pharmacy at the University gave a banquet at the Capital house last night for the Wisconsin State Board of Pharmacy. The function was in the nature of a farewell to E. B. Heimstreet, of Janesville, who retires after a service of twenty years as a member of the board.

Thirty-four covers were spread. H. G. Runzel of Milwaukee, who succeeds Heimstreet, was present, as was also H. O. Frank of Milwaukee, a former member of the board. Besides Mr. Runzel, the board consists of Alderman Henry C. Schranck of Milwaukee, H. G. Thompson, of Marinette, David A. Taylor, of Stevens Point, and A. F. Menges of Madison, all of whom were present.

Professor W. C. Richardson of the University School of Pharmacy, acted as toastmaster and responses were made by Mr. Thompson, Acting President E. A. Birge, of the University, A. H. Hollister, of Madison, Professor Edward Kreners, of the School of Pharmacy, Edwin Sumner of Madison and Mr. Menges and Mr. Heimstreet.

HOLD CONVENTION MAY 27.

Chairman Chadwick of First Congressional District Will Soon Issue Call

Monroe, Wis., April 23.—W. W. Chadwick, chairman of the First congressional district committee, stated this afternoon that the congressional convention will be held on Tuesday, May 27, at Janesville, Rock county. The official call will be issued shortly.

Fire Destroys Lumberyard

Muskegon, Mich., April 23.—The west lumberyard of Mann, Watson & Co. was destroyed by fire. One hundred thousand feet of lumber was consumed. Loss, \$15,000; insurance, \$12,000.

Fire At Summer Resort

Elgin, Ill., April 23.—For the third time within sixteen months Nunda, a summer resort of Elgin, has been visited by fire. The loss this time is \$5,000.

Trouble Brewing in Sudan

Cairo, Egypt, April 23.—British troops are held in readiness to proceed to the Sudan owing to the fact that trouble is threatening there.

Acres of Lumber Burned

Anderson, Ind., April 23.—Stacked lumber covering several acres belonging to the Indiana Box company was destroyed by fire. Loss, \$40,000.

Electric Plant Destroyed

Plymouth, Ind., April 23.—Fire destroyed the M. W. Simons electric light plant and damaged several residences. The loss is over \$30,000.

Bulgarians Invade Turkey

Constantinople, April 23.—A band of thirty Bulgarians recently crossed the frontier and penetrated to the Villare lacking.

TELEGRAPHIC BREVITIES.

A resolution providing for sine die adjournment May 5 has been adopted by the Ohio house of representatives.

Fire destroyed South Rogers, Mich., and town will be abandoned. The loss is complete and there is no insurance.

The Wisconsin Supreme Court nullified the Kenosha street railway franchise, granted to G. L. Clausen and others, legality of which was contested by women of that city.

Lewis Knitting Co. Orders

The Lewis Knitting Co. receive many orders from people of prominence and celebrities of various types. Yesterday they received an order from "Big Joe" Grimes for underwear, who is at present in Chicago, the largest man in the world. He stands six feet four and one-half inches and weighs 742 pounds. His waist measurement is 67 inches, thigh 41 inches, arm 23 inches, neck 26 1/2 inches. A photograph of the "big man" accompanied the order.

WILL PUSH WAR AGAINST MOROS

President Roosevelt Heeds the Plea Made by General Chaffee.

CHANGE IN PLANS

Major Waller, Recently Acquitted by Court Martial, to Be Given New Trial.

SEVEN MOROS KILLED

Washington, D. C., April 23.—At a late hour last night President Roosevelt and his military advisers decided to push the military operations in Mindano unless the Moro murderers are surrendered. This action was taken in view of General Chaffee's protest to the President's order stopping the campaign in the island.

Roosevelt Interferes

Manila, April 23.—President Roosevelt has for the first time interfered in military operations in the Philippines. He has overruled General Chaffee on two important points. The president, through the war department, cabled explicit orders for the withdrawal of the American troops from the island of Mindano, and he has dissolved the court martial appointed by General Chaffee to try Brigadier General Jacob H. Smith.

President Roosevelt's first order blocks the proposed campaign against the Moros in Mindano and comes after seven natives have been killed by American troops in the first open hostilities in the island. General Chaffee has cabled a strong protest to the war department against the order to stop the campaign.

Waller to Be Retired

Cappling the climax of the President's two orders already referred to comes a third one for the retrial of Major Waller, recently acquitted by a court-martial on the charge of executing natives in Samar without giving them a trial. General Chaffee will return the record and reconvene the court.

This is the first time the president has interfered in military operations in the Philippines and the first time General Chaffee has been overruled. The General admits that the engagement in Mindano, in which seven Moros were killed, was caused by the premature aggressiveness on the part of the American troops, but he cables the war department that to withdraw all the troops will ruin American prestige on the island, and to withdraw a part will be dangerous. He says he shall hold the ground already gained until further orders are received from Washington.

Seven Moros Killed

Two engagements have been fought between the American troops and the Moros on the island of Mindano during the last twenty-four hours. Major Moore of the Twenty-Seventh Infantry, while out with a small party hunting for water, was fired upon at long range.

Colonel Frank D. Baldwin with a battalion of troops and a mountain run, went to the assistance of Major Moore's party and drove off the Moros who lost seven men. The firing was at 1,100 yards range.

The Moro villages were flying red flags, meaning that they intended to fight to the uttermost.

Later Sultan Puno and a force of natives attempted to re-occupy the ground gained by the Americans, but the Americans were forcibly dispersed.

CLEAR FIELD FOR THE NOMINATION

Third District Congressional Convention Delegates Are Solid for Babcock's Renomination.

Milwaukee, April 23.—All the counties in Congressman Babcock's district have elected delegates to the convention, which will meet in Lancaster this month. Each county sends in a solid delegation for Mr. Babcock, who will be renominated unanimously. It is noticeable, as showing the feeling of the congressman's constituents, that each county convention has passed resolutions endorsing the Babcock bill for the reduction of the tariff on the products of the steel trust. As the third district is one of the strongest Republican districts in the state, it may be taken as representing the feelings of the agricultural sections in regard to the tariff on trust articles.

MISSING AND DEAD NOW PLACED AT 66

Cairo, April 23.—The search for the victims of the steamer Pittsburg disaster was begun today. The body of a man was found yesterday beyond recognition. The number of them missing and dead is now placed at 66.

Twin Babies Burn to Death

Des Moines, Iowa, April 23.—The 3-year-old twin children of M. Shields, residing at Beargrove, Dallas county, were found in debris resulting from a fire that consumed a barn. The children were playing inside the building when the fire started.

SOLDIERS' AND SAILORS' MONUMENT.

The dedication of the Rock County Soldiers and Sailors' monument recently completed in Court House park, will be a notable event in this section of the state. The date for the celebration has not yet been exactly fixed but will be some time in August.

J. L. Bear, president of the Rock County association, under whose auspices the monument was erected, said this morning that the officers would meet some time next month and de-

The first base stone is fourteen feet square by two in thickness. The second is ten feet square by one and one-half in thickness, the third eight feet square and two feet thick. The die is six feet square at the base and tapers to five feet and eleven inches at the top and is five feet high. The cap on the die is seven feet four by three feet thick. The plinth is four feet eight inches square by one and a half feet thick.

Then comes the shaft, four feet

venture and will convince the people in general that the merchant knew what he was talking about. knew how to clothe his ideas in proper language in order to effect sales. —Advertising World.

LA PRAIRIE.

La Prairie, April 22.—Mr. Fred Larson of Alpha, Wis., a graduate from the State Dairy school at Madison, has been employed as butter-maker by the La Prairie Creamery Co. It will be wise for all who live in the locality of the creamery to send their milk, for it is well known by everyone that the more milk a factory gets the cheaper the butter can be manufactured. Chas. Masche, the former buttermaker retires from the charge after 3 1/2 years of active service with the good wishes from all as to his future career in any business in which he may engage.

Small grains are nearly all sown, tobacco beds made, and early potatoes planted.

House cleaning adds to the peacefulness of each household.

Mr. Guy Wheeler is still at the hospital receiving the best medical treatment.

Harry Brandt celebrated his 11th birthday last Saturday by entertaining about 20 of his little friends.

W. T. Sherman has put an addition on the back of his house.

Small pox has again disappeared from our midst.

NEWARK.

Newark, April 22.—Mr. Harry Mayford, of Milwaukee, stopped in the village on his way to Albany. He has engaged a position with the Beloit Ice Co.

Mr. O. P. Gorder, of Orfordville, was in the village Friday, in the interest of the Orfordville telephone Co.

Miss Luella Starr spent Sunday in Janesville with her uncle Frank Starr. Messrs. Wm. Day and family, and Lancel Lander and wife, were the guests of Ed. Day, Sunday.

Mrs. Levy Holden spent Sunday in Orfordville, with her sister Mrs. J. Ennis.

Miss Nellie Scott of Magnolia, is stopping with her sister Mrs. S. Holden.

Mr. J. A. Blackmer is doing some mason work at the Newark Creamery.

Mr. O. C. Knudson and family spent Sunday with his brother Mr. L. G. Knudson, of Spring Grove.

Mr. Nelson These got word that his mother's home in Avon was destroyed by fire and destroyed over there on Saturday.

COOKSVILLE.

Cooksville, April 22.—Ed. Savage of Madison, called on old friends here the past week.

J. E. Johnson and family, spent Saturday at Stoughton.

Dora Miller is staying with her grandmother until her sister recovers from the scarlet fever.

Farmers are very much discouraged at the continued dry weather.

At Stoughton, April 19, occurred the marriage of Ole Johnson and Gunda Hanson. Both young people are well known here, and have a host of friends who join in wishing them a long and happy journey through life. They have rented the Robertson house and upon their return Saturday, gave a reception to their friends. They were also treated to a serenade by their neighbors.

Want to Change the Loop.

A movement is on foot among the first ward residents to get a change made in the plans of the loop to be put in by the inter-urban road. The loop as now planned, re-circles the block bounded by Franklin, Wall, Jackson and West Bluff streets. They will ask to have the loop run one block further west to High street, then north to West Bluff and east on Bluff to Franklin, which will relieve Jackson street of a block of traffic. The residents of the Ward claim the street is too narrow for a good driveway alongside the track.

Joseph Harvey went to Watertown today to visit his parents.

Chief Hogan has a Bicycle.

Chief Hogan has a Penant bicycle in his possession, which was left near Smith's Hotel Saturday night by a small boy, who, when asked where he got the wheel, dropped it and ran. From the boy's actions when questioned about the wheel, it is supposed that he stole it from some one. The party who asked the boy about the wheel, thought something was wrong, so turned the wheel over to chief Hogan.

The Carpenter Company.

In the new Russo-Siberian play, "For Her Sake," there is one scene which must fall little short of terrific viewed from the standpoint of dramatic effect. It is a flogging episode. The knout, as the Russian cat-o-nine-tails is called, is made to figure, and the victim of the lash is a

IN "FOR HER SAKE"

serf girl whose only offense, it would appear from a reading of the plot of the play, is that she has won the love of a prince of the blood. The play is said to depict with startling accuracy the penal system of the Czar's dominion, and true to real life; it is also said to be not without the lighter touch of wholesome comedy. The play will be seen here Friday, April 25, at The Myers Grand.

THE "KIRMESS" A GRAND SUCCESS

Delighted Large Audience at Myers' Grand Last Night—Tonight and Tomorrow Night.

The initial production of "The Kirmess," at the Myers Grand last evening was a grand success in all that the word implies. Prof. H. E. Speedy has shown himself to be a most competent director, those taking part in the play have shown remarkable ability. The large audience that filled the opera house indicated its appreciation of the efforts of the young people in generous applause, and last, but not least, Trinity church will derive a substantial benefit from the production.

"The Kirmess" is replete with pretty dances and delightful music. The dances were given with a grace of motion and ease of manner that were charming. The music was in keeping with the remainder of the performance.

Miss Bess Wilcox, as the Kirmess queen, carried her part well. The dance by the old woman, who lived in a shoe and her numerous children was good and pleasing, as was also the court dance by eight young ladies. The flower gawotte by fifteen young ladies was so well rendered that they were compelled to respond to an encore.

The rich voice of Alfred Olson, who sang, "My Clo," was one of the good musical numbers of the evening. The Russian sleigh bell dance was very pretty and a credit to the four young ladies who danced it.

Miss Helen Fifield, in the Hungarian gypsy tambourine dance was very pleasing indeed, and the Misses Grace Conroy, Leatha Phillips and Hattie Slightam won applause in a graceful dance. The flower dances, eight in number, were rendered in an especially pleasing manner by a number of little ladies.

Prof. Speedy led in a grand march in which about fifty persons took part. The march was a most difficult one, but was so well conducted as to win great applause.

One of the gems of the evening was a skirt dance by the Misses Mildred and Margaret Duty in a skirt dance. Every move was in unison with the music and exceedingly graceful and fascinating. They responded to an urgent recall.

The march of the nations, which portrayed the dances of the various countries was especially fine. The dances were in costume of the countries they represented. My Lady Hottentot was a pleasing solo sung by Mrs. Charles Postwick, accompanied by a chorus and dance by a quartette composed of Mesdames Al. McIntosh and E. J. Smith and the Misses Lou Kent and Harriet Carpenter. The dance of the dudes and dudines was well executed. The dudes being well represented by Messrs. Atwood, Watt, Echlin and Whitton and the dudines by the Misses Blanche Sweeney, Catherine Fifield, Alice Shearer, Wilcox and Jackman.

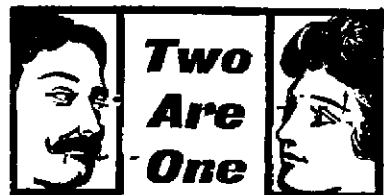

Prof. Speedy did the solo part of a number entitled Christofa Columbo with fifteen boys to assist in the dance. The Prof. also danced the Fisher's Hornpipe in a very creditable manner.

George Buchholz as the Lone Fisher man was good and Fred Palmer as Uncle Sam in a solo was very good. The United States dance by eight young ladies was one of the most pleasing numbers while the flag dance by Miss Daisy MacLean was very entertaining.

The last number was the Goddess of Liberty. Miss Cora Anderson singing "The Star Spangled Banner" Miss Anderson did very well and the number was a fitting close to a program containing many gems.

There was not a weak spot in the entire program and was a surprise to all who attended. Another performance will be given this evening with an entirely new program.

There will be a school entertainment and social held in the Paul District Wednesday evening, April 23rd. Refreshments will be served after the program. Everybody is invited. Hazel North, teacher.

In marriage only when there is equality of health as well as affection. Affection may be the basis of unity in marriage, but the superstructure depends largely on the womanly health. When the wife is tormented with headache, distressed by nervousness, she has no ambition for exercise or pleasure.

Doctor Pierce's Favorite Prescription makes weak women strong and sick women well. It cures headache, backache, and other womanly ills by curing the diseases of the womanly organism which cause them. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

Weak and sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and is sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines. His profit is your loss, therefore accept no substitute.

My wife commenced to complain twenty years ago, writes Lewis A. Miller, ex-chief of Police, 33 Prospect Street, Weymouth, Pa. "We have tried the skill of twelve different doctors. She took gallons of medicine during the time she was ill, until I wrote to you and you told us what to do. She has taken eight bottles of Dr. Pierce's Favorite Prescription and six of the Golden Medical Discovery. She can do her own work now and can walk around again and is quite smart."

You can publish this letter if you wish. We have received such benefit from it that we can say every sufferer could derive the same amount of good. My wife's complaint seemed to be a complication of diseases, so the doctors said. We will not remain your friends. May God bless you and your Institute."

Dr. Pierce's Pellets are the most desirable laxative for delicate women.

side upon the date for the dedication ceremonies. He said that an invitation would be sent to Senator John C. Spooner to deliver the principal address. A. G. Weissert, Past Grand Commander, the present officials of the Wisconsin G. A. R. and other notables will also be invited to attend.

Members of the local G. A. R. are banking upon this event as the most interesting and memorable gathering in the history of the county.

Ten thousand dollars was appropriated by the county board for this

square at the base and tapering to three feet six inches at the top and twenty-seven feet high. Next comes the caps, the first three feet ten inches square by one foot thick. The next cap is four feet ten inches square by two feet thick. On top of these comes the plinth, two feet ten inches square by two feet thick. On top of these comes the carved figure of a soldier standing at rest, eight feet six inches high.

On the face of the die facing Main street in raised letters are the words "Rock County, 1901. Dedicated to

monument after the question had been put to vote of the people and carried. The contract was awarded to A. S. Jackson of Beloit and called for a monument to be of the best Barre granite to be placed in position last fall, but on account of delay at the quarry the time was extended until this spring. The ceremony of laying the corner stone was performed last October. The monument from the foundation to the top of the soldier is 55 feet two inches.

SPEAKER HENDERSON OF HOUSE IS BIGGER MAN THAN THE PRESIDENT

He Can Force or Prevent Legislation at His Own Sweet Will--A Vigorous Protest Made Against the One-Man Power.

Washington, D. C., April 23.—Congressional information concerning national legislation has been condensed into a brief space by an independent local newspaper under the headline: "Bottled up in the House." The news paragraph follows:

"More than one senator has taken occasion during this session to refer in debate to what is called the one-man power of the house, and it is quite likely that the feeling against the speaker will manifest itself in more emphatic fashion before the session ends, unless something is done with the measure which the senate has passed.

"Just at present the most serious criticism is directed against Speaker Henderson's evident determination to prevent further action upon what is known as the omnibus claims bill. This measure passed the house and went to the senate, where it was amended by the addition of the claim bills which had at various times passed both houses of congress, but had never been favorably acted upon during the same session. Instead of allowing this bill to go to conference, as is the ordinary procedure with amended bills, it has been placed upon the calendar and there, it is said, it will be buried.

"The other bills which have been passed by the senate and which seem to be bottled up in the house, relate to the subsidy, irrigation, department of commerce, and increase of judges' salaries. It is said to be quite doubtful whether any one of them will be allowed to come before the house for action. Quite a number of senators whose states are interested in this legislation have been appealed to by members of the house; and it is not improbable, in case nothing is done toward bringing them to a vote, that some if not all of the measures will be attached to appropriation bills in order to insure their enactment into law."

This is not only a correct statement of existing conditions in this congress, but it presents a very accurate picture of the conditions which annually obtain. It shows that while the house of representatives may legislate, and the senate may amend the bills which originate in the house, it is in the power of one man, a representative of a single district out of 257, to block all national legislation, provided that one representative shall have been favored by his fellow representatives by the election to the position of speaker of the house of representatives. Of course, you understand that the speaker is the presiding officer and that upon him devolves the appointment of all of the chairmen and members of the committees of the popular branch of the congress.

That is a dangerous power to be committed to the judgment of one individual. In the early days the speakers did not arrogate to themselves any more than their constitutional prerogatives. But since presidents have been aggrandizing for their own delectation speakers have grown into the habit of magnifying their office, and the complaints of senators which are embodied in the protest mentioned, indicate that there is a revolutionary period impending—a peaceful but everlasting revolution in the methods of doing the business of this republic. If the people are to remain supreme they will demonstrate sooner or later to their public servants, that they are servants of the people and not their masters.

This lesson must first be administered to some speaker of the house of representatives, whomsoever he may be, and afterwards it will be administered to whomsoever our citizens may be serving as president of the republic. Men who have been too long in public life sometimes forget that they are public servants, and arrogate unto themselves prerogatives which they would never dream of in their early days of crooking the pregnant hinges of the knee before the voting people, in order that their may follow their fawning John Smith may be elected to congress again and again and he may become speaker or president some day, but he must never forget that he is plain John Smith when at home in Waybackville.

The present incumbent of the speakership is a plain man of the people, and it is not true that he has gone any farther in the matter of dictating the policies of the house of representatives than have his predecessors. On the contrary, his exercise of power has been conservative in every way. He sticks close to his duties as a representative of his district and attends to his duties as a congressman as faithfully as he did before his elevation to the high office which he holds.

Probably the most arrogant of all speakers was Thomas B. Reed, of Maine. His party had a very small majority, and all of its members followed the leadership of Speaker Reed with the devotion and fidelity of trained soldiers of the regular army. They followed him blindly in a sense, and oftentimes they followed him when such following was against their individual judgments as to party and national welfare. But they followed until Mr. Reed obtained and maintained a leadership which was exceedingly autocratic. Under his direction all precedents were overruled and overthrown. And yet as times make men and environments develop great events, Speaker Reed seems to have been the man for the place and the hour.

Reverting to the quoted news paragraph it will seem that measures of vast importance are pending. It is true that the presiding officer of the house is endeavoring by direct or indirect action to hinder or defeat the omnibus bill, he is rendering the country a good service. That bill contains an aggregation of claims amounting into the millions. Some

of them are meritorious, but many of them are lacking in merit. Many thousands of dollars of the money of the people are sometimes frittered away by conservative statesmen, in order that claims of merit may be allowed. This is true of the omnibus claims bill.

The people must not suppose that their representatives are personally interested in these claims, nor that any one of the senators or representatives would be individually benefited by the enactment of that bill. But each statesman has an interest in behalf of some good citizen of his state or congressional district, and is endeavoring to add such worthy individuals by urging the enactment of the bill which, as its name implies, is omnibus in character.

The Hanna shipping subsidy bill is also mentioned as being "bottled up in the house." That measure has been passed by the senate, but it is doubtful if it could be passed in the house of representatives if all other important legislation were laid aside solely for the consideration of the subsidy bill. Its enemies are numerous and active.

The irrigation bill is an important measure, which the speaker individually favors; but, in his capacity as speaker, it may not be deemed judicious for him officially to favor a measure of such magnitude, particularly as the pending bill is framed. It is well known that the president favors irrigation of our arid lands, for he has so stated in his message to congress.

Another pending measure mentioned is that providing for the creation of a department of commerce, with its head as a member of the cabinet. This also has the favor of the president, and quite a number of our best constructive statesmen. Congressman Hepburn, of Iowa, as chairman of the house committee on commerce, will have more to say about the adoption or rejection of this measure than the speaker. If he favors it, it will be reported from his committee. If he does not favor it, it will not be reported.

Right here is another matter of importance for the people to know and understand. Every chairman of committee is an autocrat in his sphere. It is practically impossible for any bill before congress to have any show of consideration without the active favor of the chairman of the committee to which it has been referred. This fact emphasizes the other fact which has been urgently brought to the attention of the people, namely, that in every portion of our federal government there is too much of one man power to be compatible and consistent with the prime principles of a republic.

While calling attention to all of these matters of pending legislation, and to the methods which obtain in our government of the people; and while criticizing the imperial powers exercised by individuals, the reader will understand that there is no idea of partisanship in such animadversions. It makes no difference which party happens to be in power for a little period. All men love power. Few men know how to conservatively exercise it for the general welfare, unless safeguarded by constitutional environments which shall be patriotically observed.

Fainting Spells

always indicate a weak heart. They are usually preceded or followed by palpitation or fluttering, and there may be pain in left side, a smothering sensation and shortness of breath. Such a heart should be treated at once, before the disease develops beyond control. Heart disease is as easily cured as other troubles if taken in time.

"I was subject to fainting spells, and many times I have fallen on the street. I was often compelled to sit down while walking to avoid falling. When physicians failed to help me, I took Dr. Miles' Heart Cure and was completely cured."

CHARLES D. RANDALL,
Ellicottville, N. Y.

Dr. Miles' Heart Cure

is especially adapted to remove all irregularities of the heart's action. Sold by druggists, on guarantee.

Baby's Coming

McDonald, Ga., July 12, 1900.

I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for days at a time, but this time I have taken Wine of Cardui and Theodor's Black-Draught and have been able to do all my housework without any trouble. I am expecting every day to be confined. My husband thinks Wine of Cardui is the best medicine in the world. He takes a dose of Theodor's Black-Draught every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful medicines and I tell my lady friends to use your Wine of Cardui.

Mrs. GEORGIA LEE.

WINE OF CARDUI

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some indiscretion, injured the organs which make her a woman. Neglect of menstrual irregularities leads to ovarian pains, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under those conditions. Wine of Cardui will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure Wine. A strong healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need not fear childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell \$1.00 bottles.

WEATHER FORECAST.

Generally fair tonight and Thursday slightly colder.

NO CHANGE OF FRONT.

The little flurry caused by democratic success in the Milwaukee election, has subsided, and the discovery is made that conditions have not changed in the least, so far as state politics are concerned. Governor LaFollette is still in the field, supported by those same emissaries of wardens, and the same little coterie of organs. The outlook is just as noisy as ever, but no more dangerous or numerous.

Opposed to this combination is the same Republican League, backed by the same conservative element of the party throughout the state. This league represents the legislative branch of government. It was organized by men who are still the official representatives of the people, and whose term of office does not expire until their successors are installed. When the league was organized it represented the sentiment of a constituency in every district in the state. This constituency represented a majority of the republicans throughout the state, just as the league represented a majority of the legislative body. Public sentiment then was pronounced in favor of saving the party from disaster, through unwise leadership, and tyrannical dictation, and it is more pronounced today. There has been no change of sentiment along these lines, except to strengthen conviction and confirm belief. There has been no change in the opposition, except that it is more pronounced and more obnoxious.

Governor LaFollette is the same in attitude and spirit, that he was when he issued his trade in the form of a message at the close of the legislative session. He did not seek harmony and he does not court it now. He advocated the primary law then, with all of its objectionable features, and he is just as tenacious for the measure today. He would not yield a point then by way of conciliation, and he is just as obstinate today. He had a minority following then, and time has depleted the ranks of this minority.

His time during the session was devoted to blocking legislation. In the interests of a hobby, and his time since has been employed in recovering from the shock of defeat, and with returning health, his energies are devoted to running a machine to gratify personal ambition.

His supporters claim that he is a great governor, but they fail to explain in what way he is great as a chief executive, and to ordinary vision, the greatness is a negative quantity. If he has accomplished anything in official life, except the encouragement of party strife, it does not appear on the surface. He, as well as his most ardent supporters, are well aware of the fact, that his retention in office, will only widen the party breach. It is well enough to claim that the people ought to have more sense. The people in this world have to be dealt with as they are found. When wide spread prejudice and dissatisfaction exists, the attitude of the people is not easily changed, and these are the conditions that confront the governor today. If he had the interests of the party at heart, he would have long since exhausted every effort to harmonize it, and failing in the attempt would quietly retire from the field.

THE PRINCIPLE INVOLVED.

A great deal is being said and written about our attitude as a nation towards the island of Cuba. While the republican party is the party of protection, a wide difference of opinion exists within the ranks of the party, both in and out of congress, as to what course should be pursued in our trade relations with the island. Sentiment is divided for two reasons, one a selfish reason, entertained and advanced by interests directly affected, the other an account of extreme views on the question of a protective tariff. People who object to reciprocal trade relations with Cuba, because of personal interests, are so largely in the minority that this class of objectors would not carry much weight, but for the money represented. The other class of objectors are more numerous, and the arguments they advance are plausible. They claim that a protective tariff redeemed the country by furnishing employment for American labor and encouraging weak industries. The claim is true and the history connected with it is so recent that it needs no verification. The statement is made, that reciprocity is simply another name for free trade, and that the same principle will apply to all nations, and protection will be wiped out. The statement only contains half the truth, and the fear is groundless. James G. Blaine, the greatest statesman that the country has produced since the civil war, was an ardent protectionist, but his range of vision took in the future, and he recognized the fact that the time was not far distant, when the best interests of America would be conserved by friendly trade relations, on a reciprocal basis. He did not live to see his prophecy fulfilled, and the measures he advanced were not popular, until

the necessity for action was upon us. The late President McKinley realized conditions, and when he advocated reciprocity he saw at the doorway what Mr. Blaine discovered in the distance.

President Roosevelt also realizes conditions and the problem presented is one that the republican party will be obliged to meet and solve. So far as Cuba is concerned, the question is larger, and of more significance than a question of policy. As a business proposition, it has every thing to recommend it from the standpoint of the greatest good to the greatest number, in a financial way. As a principle of humanity, justice and honesty, the nation is in duty bound to make concessions. Congress can not afford to ignore these obligations.

THE BEET SUGAR CROWD.

The more the Cuban reciprocity bill in the shape in which it has passed the House is studied, the more positive grows the conviction that the beet sugar crowd forced through their amendment not in good faith, but because they believed their amendment was in itself a good thing, but because they believed it would have the effect of killing the bill. Matters have already progressed far enough to demonstrate that they were not as clever as they supposed for in spite of the amendment, the bill passed the House. It is not dead, but very much alive, and it will be acted upon by a Senate containing statesmen superior in strategic skill to the coterie in the House who have shown themselves more devoted to having things their own way than they are to the broad policy of protection to American industries, of which they pretend to be especial defenders.

The sugar differential, which the beet sugar clique attacked, is a benefit to beet sugar manufacturers as well as to the refiners of sugar extracted from cane. The beet sugar congressmen are not sincere in advocating the abolition of the differential, and many of them betrayed their insincerity by voting against the Cuban reciprocity bill after their anti-differential amendment had been adopted. They know that their amendment was a "rider"—a thing attached to a measure to which it was not germane, for in legislation on reciprocity with Cuba there is no logical excuse for breaking down the wall that protects American refiners from the competition of sugar refiners throughout the world.

The beet sugar crowd acted like the woman in scripture who was willing that the baby which she claimed as her own should be cut in twain rather than be awarded to the rival claimant who was its rightful mother. The Senate may play the part of Solomon, and thwart their desperate game.—Evening Wisconsin.

Ex-governor Hoard is an advocate of party harmony, in advance of the convention. He evidently believes in the abstract principles of harmony as advocated in his Bennett law fad some years ago. There isn't a county in the state, where the governor's forces are not organized to defeat Senator Spooner. If the ex-governor is not aware of this fact he is less astute, than when he led the party to defeat on his own hobby.

Madison is suggested as the republican convention city for this year. The governor's supporters imagine that it will be a less difficult resort to stampede with tin horns and college yells, than Milwaukee. There will be no stampede this year, and it is a matter of but little consequence where the convention is held. Milwaukee has the accommodations, and is the natural place for all large gatherings of this class.

F. A. Starck, of Mazomania, of the firm of the Starck Manufacturing Co., was in the city yesterday on business. Mr. Starck has been an ardent LaFollette man until a year ago, when like many others, he became disgusted. He says that his town is almost a unit for conservative republicanism, and from what he knows of Madison, he thinks the governor will have a busy time at home.

A three-cornered fight in the second congressional district is promised. Columbia County presents a candidate, and the LaFollette forces will determine whether to support the new man or Dahl. In the mean time Cully Adams is sawing wood with good chances for success.

PRESS COMMENT.

Many states papers are worrying because Senator Spooner will not "speak." The senior senator is speaking almost every day, and in such a way that his utterances are not only giving the state much prominence, but are honoring the nation abroad. We do not believe Senator Spooner will "speak" in such a way as to mix up in the party quarrel, or to put himself in the position of seeking re-election. But the people want him and will do the "speaking" for him in a way that will leave no uncertainty about the sound.—Menasha Breeze.

W. W. Chadwick of Monroe, chairman of the Republican congressional committee says that the congressional convention will be held the last week in May, either in Monroe or Janesville. Hon. H. Cooper has filled the office of representative with the best satisfaction to the district and will probably be the only candidate before the convention.—Delavan Republican.

New London Republican: Judging by the general tone of his recent ut-

terances Col. Henry Watterson is suffering from an aggravated case of the jim-jams. Instead of ordinary snakes he is continually seeing a man on horseback.

Racine Journal: There is no patent on any man becoming a candidate for governor in this state. The very essence of the Republican League work is perfect freedom in these matters. But if public sentiment crystallizes around one man as around Senator Whitehead that is another matter, but it doesn't bar out another candidate.

Milwaukee Sentinel: M. Santos Dumont was unable to attend a St. Louis banquet because a railroad company delayed his baggage. When he establishes his Dirigible Balloon Express company he will probably see that trunks arrive on time.

Evening Wisconsin: The hot wave sweeping over Nebraska's dry soil will not improve prospects for lower beef and pork. The entire West is too droughty at present to experience hot waves without disaster.

Milwaukee News: It has been suggested that a good way to hit the beef trust would be to quit eating meat. Why not quit breathing and hit all the trusts at the same time?

Racine Journal: There is no patent keeps up through the summer, even the worst of the cranks will cease to be a spring water man and become a rain water man.

Green Bay Gazette: Has Mr. Morrison discovered yet whether he is a candidate for governor or for congress?

SMILES.

The youthful author pocketed his rejected verses, but he could not swallow the editor's criticism. "Sir," said he, not without dignity, "a poet is born, not made." "Young man," returned the editor blandly, "it won't help your case to try to shift the blame on to your parents."—Youth's Companion.

"Why don't you start a literary society in your settlement?" asked the new visitor. "Kaze we've got all the edification we wants," was the reply. "We knows that rope is 3 cents a foot; fer folks that won't leave when they're told to, an' that twice two is ten when the liggers air votin' agin' good government!"—Atlanta Constitution.

Punster—Say, I saw Scribner today, and he spoke of you in glowing terms. Munster (delighted)—Oh, he did! And what did he say? Punster—Why, he said he wished you were in Hades.—Columbia Jester.

Excused—Judge—Have you formed any prejudice against the prisoner? Juryman—I have seen some newspaper pictures of him. Judge—You are excused.—New York Weekly.

"What's a wreck pop?" "A wreck, my son, is a disaster on the water." "Not always, pop; there's old Rednose; he's a wreck, but water had nothing to do with it."—Yonkers Statesman.

ALL ASSESSORS ARE CALLED TO CONSULT

Meeting at the County Clerk's Office Tomorrow at 10 A. M.—Address by Whitehead.

All the assessors of the township and cities and villages of Rock county are called to meet tomorrow at ten o'clock in the county clerk's office. The call is issued by the county supervisor of assessments, W. J. McIntyre. The meeting is called for conference and general discussion of the duties of assessors. There will be addresses by Senator Whitehead and District Attorney W. A. Jackson.

IN THE VALLEY OF THE SHADOW

Funeral of Catherine G. Connors. All that was mortal of the late Catherine Gertrude Connors was tenderly laid at rest this morning at Mount Olivet cemetery. The funeral services were held at 9:30 o'clock from St. Patrick's church and were largely attended by sorrowing relatives and friends, who sent a profusion of beautiful floral offerings. The services were conducted by the Rev. Dean McGinnity who spoke touching-ly on the life of the deceased and consoled the sorrowing family for their great loss. The Catholic Order of Foresters of which the deceased was an honored member attended in a body.

The honorary pall bearers were Misses A. J. Feely, Genevieve Conway, Katherine Connors, Mary Hartnett, Mary Barron and Julia Barron. The pall bearers were Henry Casey, Edward Hemming, George Bray, D. J. Luby, M. Dawson and W. Dooley, Jr.

Funeral of S. S. Slawson. The funeral of the late S. S. Slawson, was held this afternoon at 2:30 o'clock from the home of his son, Charles H. Slawson. Rev. Thipett of the Court street M. E. church officiated and comforted the bereaved family. The interment was at Oak Hill cemetery. The pall bearers were Milo Curtis, Wm. Brandt, Geo. Hanthorn, Ezra Dillenbeck, Steven Kenyon and John Lloyd.

H. G. Heldt of Lansing, Mich., is in the city in the interests of E. Bement Sons' stove works.

Tolson for a Postal Crime. Peoria, Ill., April 23.—In the United States court William Coughlin, alias Joseph H. Harris, a young man of fine family of Morris, Ill., was sentenced to one year in the penitentiary at Joliet for a violation of the postal laws. He was arrested in this city in company with a young "coed" of St. Mary's academy, Knoxville, while attempting to sell 2-cent stamps at reduced prices.

A Lace Curtain

...Event...

A Few Days Special Selling.

Now is the one time of the year when the curtain stock is most complete and the time when we place the various lines on sale on a very narrow margin of profit. We don't much money but its good advertising for the Curtains stock.

Every curtain we show is a 1902 pattern, therefore all new fresh stock, and the sale comming just at house cleaning time makes the opportunity a timely one. Curtains for this sale, special values per pair: 49c, 89c, 1.15, 1.35, 1.65, 1.85, 2.15, 2.35, 2.65, 2.85, 3.15, 3.65, 4.15, 4.65, 5.65, 6.35, 6.85, 7.35, 8.35. In the lines are Nottingham, Fish Net, Brussels Net, Swiss, Arabian, Irish Point de Esprit, etc. Bare prices as above convey little meaning, but you can expect fully as good bargains as you ever had here and these bargains are well known.

ODD CURTAINS.

A number of odd lace curtains, one, two and three of a pattern, while they last they will be sold much under regular prices.

PORTIERS.

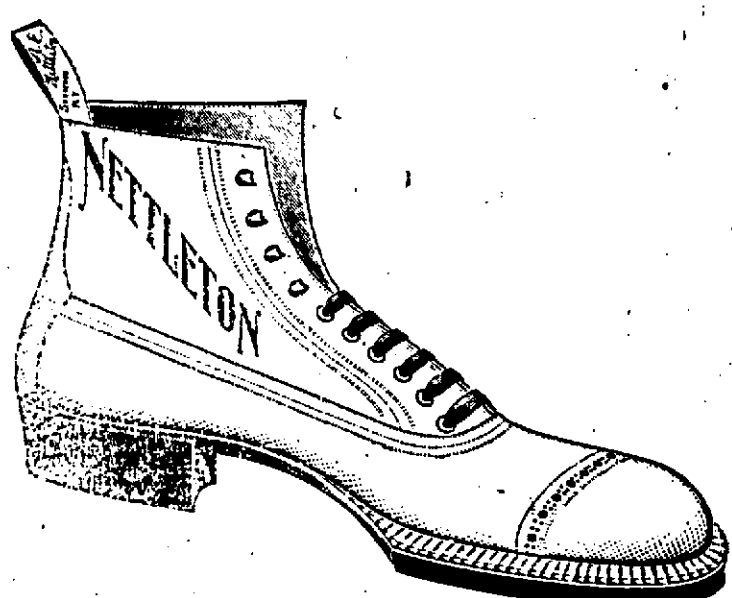

All the desirable colorings and combinations in tapestry portiers at special prices during this curtain sale.

CURTAIN RODS.

Brass sash rods, extension from 22 to 45 inches, each 5 cents. Another of the same size with patent brackets, each for 10 cents. Brass extension lace curtain rods, fancy ends and brackets, extend 27 to 55 inches each 10 cents. 45 inch white wood poles, complete with ends and brackets, each 10 cents. If you need Curtains this spring now is the time to buy and make a saving.

WRECK AND RUIN IN ROCK COUNTY

Last Night's Storm Created Havoc in Villages and on Farms.

NEARLY A CYCLONE

Veranda of Sinnissippi Club House Torn from Its Place and Badly Damaged.

THE DAMAGE IS LARGE

The wind blew some yesterday, if anyone should ask you, and before the worst of it was over it had done a good many dollars' worth of damage. Windmills, tobacco sheds and frame buildings, standing in exposed places, were the principal sufferers.

The wind was heavy all day but about a quarter to three it increased in violence until it was a small hurricane. People in buildings in exposed places began to look for safe places to hide, if it grew worse. It was all over in a few minutes but it gave the people a good scare while it lasted.

Havoc on Golf Grounds

It played havoc on the golf grounds and did considerably over \$100 worth of damage to the club house, which stands on the top of an exposed knoll facing the way the storm came from. The roof of the large porch on the front of the building which is 60x16 feet and was a continuation of the roof of the club house was blown from its fastenings and carried bodily over the roof of the house and dropped at the edge of the road, at least two hundred feet in the rear of the building.

The wind was strong enough to carry it above the roof of the building so that no damage was done to it and the chimney that stands in the back of the house was not touched. The green keeper at the grounds stated that the wind picked up the roof of the porch as if it was a big piece of paper and carried it clear of everything. The roof was badly wrecked when it struck the ground and it is doubtful if it will be good for anything. In all probability the entire roof will have to be built over new.

Two Wind Mills Wrecked

Two windmills on the Woodruff farm, adjoining the golf grounds were wrecked, as was one across the street. The large tobacco sheds on the Mole farm near the cemetery were badly twisted and the sheds on Mineral Point avenue were wrecked. On the William Spaulding farm in the town of Harmony two tents of the large tobacco shed were wrecked.

In all sections of the county in the track of the storm more or less damage was done to frame buildings and wind mills and in many places large trees were uprooted.

Wrecked a Milk Wagon

One of the delivery wagons belonging to the Leader dairy was caught by the storm at the foot of the big hill on the Beloit road near the city limits and overturned. The wagon had just started for the city and had a full load of milk aboard and for a few minutes there was a general mix-up of milk cans, milk and driver. Outside of spilling 120 quarts of milk and breaking a spring little damage was done to the outfit.

At the P. Hohenadel, Jr., canning plant things looked serious for a few minutes. Some of the long sheds being open along the sides it looked for a short time as if they might be unroofed, but no damage was done.

Wreck on the Ross Farm

Supt. of Schools Ross came down from Indian Ford this morning. He says between his house and the Ford he noticed nine windows down, two large tobacco sheds and any number of fences flat on the ground. His own establishment suffered. The wind mill and tank was blown over and his outbuildings badly wrecked. He says he never saw a wilder, stronger storm than the one yesterday. It approached almost to the magnitude of a cyclone.

In the Town of Rock

At the home of E. W. Fisher, in the town of Rock, one of his large barns was considerably twisted by the wind and another had a section blown out and scattered over the surrounding country.

In the town of La Prairie considerable damage was done to sheds and wind mills. A shed 60 feet long near the Grange hall was blown down and at F. H. Bidwell's farm in the town of Harmony a large tobacco shed and his windmill were demolished. A large barn on a farm owned by James Menzies in the town of Harmony was blown down.

While no one is reported hurt in this vicinity almost every farmer suffered some damage by the wind.

Damage at Edgerton

Edgerton, April 23.—(Special)—The heavy wind caused much damage in Edgerton and vicinity last night.

Herman Klemp and son who live in the south-western part of the town were driving along what has long been called the "new road" when they were struck by a piece of flying sidewalk and thrown from the wagon. The boy was not hurt much, but Mr. Klemp was cut about the face and head and his whole body badly bruised. His condition is considered dangerous. About fifty rods of the sidewalk along this street was torn up. A piece of it struck the bay window on the John White house, pieces of boards going into the house and breaking furniture and brick-work and it is thought that the damage will amount to about fifty dollars.

A bow plate window was taken from the new Schmeling block and carried into the road the glass being torn from the window sash.

Sidewalks were torn up in different parts of town and small buildings and trees were blown over. Two tobacco sheds on the farm of John Hurd

EVENTS OF THE DAY

We are enjoying a good sale on our 25 cent coffee. It's a Mocha and Java mixture and equal to many of the higher priced coffees. C. D. Stevens.

The announcement made by the Wisconsin Carriage Co. last evening should have read No. 25 and No. 50 in place of \$25 and \$50. The error was a typographical one.

Why hesitate when you can purchase a 30x60 Smyrna rug for \$1. Such a sale was placed before the public today by Bort, Bailey & Co.

Monday Harlan Fitch, of this city, was granted an original pension of \$12 per month. Mr. Fitch was in the Philippine Islands two years with the regular army. Last winter he returned and for a time was manager of the local office of the Postal Telegraph Co., but is now in St. Louis, on his way south for his health.

NEW RESIDENCE FOR JOHN G. REXFORD

Will Build New Home to Cost \$8,000 Near Frank Jackman's Place on Sinclair Street.

John G. Rexford, cashier of the First National bank, has let the contract for erecting an \$8,000 residence to Edward Domahue. The lot on which the residence will be erected lies just south of the fine new home of Frank H. Jackman on Sinclair street.

The plans show a building of about 44 feet frontage and about an equal depth. The exterior will be old English in style and the plans were drawn by Rawson and Pannack. The first story will be sided on the exterior and the second story will be plastered.

A handsome feature of the interior will be a reception hall 21x14 feet, finished in stained birch and white enamel.

A dining room of generous proportions will be finished in Flemish oak. A large library will be an important part of the house.

A drawing room, with a fine fireplace, will be finished in golden work and altogether the residence will be one of the finest in the city.

MEETINGS IN THE COURT ST. CHURCH

Creating a Deep Interest, and Many Are Considering the Subject of a Christian Life.

The evangelistic services are creating a deep interest and many are thoughtfully considering the subject of a Christian life.

Last night H. F. Nott conducted the song service and Rev. R. M. Vaughan of the Baptist church led the devotion. Dr. E. J. Baskerville then spoke, on "Zacchaeus, or Through Difficulties to Christ." The genius of the church is to save the young. Samuel found it easy to find religion but Paul found it more difficult.

The way to Christ is easier at 10 than at 40. Zacchaeus found his business in the way of coming to Christ. He discovered the weakness of the people and this was to him and to others a positive hindrance to coming to Christ. It was hard for Zacchaeus and is equally hard for any rich man to give up and come to Christ. Childhood is the time to commence a Christian life before the difficulties become insurmountable.

Public opinion was against him because he was a tax-gatherer. Every man has his difficulty. It may be in his parents. Many young people by a Christian life and purpose transform the life of the whole family. The business of the Christian is to keep at it every day in the year and in this mastering conditions, overcoming obstacles, a pure character is built up.

A man must conquer his surroundings in order to attain the best kind of manhood, and no man should be content with anything less than the very best.

CITY NEWS IN BRIEF

Skelly's for wall paper. Don't miss seeing Kirmess this evening at the Myers Grand.

A marriage license was issued today to Maynard J. Weirick and Agnes Irene Dorr, both of Beloit.

Edwin G. Fifield is having a terrace of hardheads constructed around his lawn on South Main street.

Mrs. B. F. Moore, of Denver, Colo., formerly of this city, arrived last evening and is the guest of her daughter, Mrs. Henry Tall.

Rev. A. Anthony, of Des Moines, Ia., who conducted a week's services at the First M. E. church last season, is in the city a guest of Rev. James Churn.

Mr. and Mrs. Al Helms have returned from Winneconne where they were called on account of the serious illness of Mrs. Helms' mother.

W. W. Young, of Freeport, was in town yesterday, as a delegate to the delegate meeting of Mystic Workers of the World. Mr. Young is organizer for the Federated Trades Council and a prominent official of Freeport.

Bishop Nicholson, of the Wisconsin diocese of the Episcopal church was in town this morning enroute from Darlington to his home in Milwaukee.

Beef Shows an Advance

Chicago, April 23.—Beef showed another advance today from a fourth to a half. The products of the slaughter house offal, such as glue, etc., and legitimate products such as beef, lard, also show an advance.

If you obtain your Power from an

ELECTRIC MOTOR

You can select a location favorable for your business, regardless of proximity to a line shaft or steam engine. You can have many comforts: good light, pure air, a clean and attractive shop, your own power supply controlled by yourself, only available whenever you desire to use it, in or out of regular working hours. And better than all, you will find it very economical for you to pay for power only when your machinery is in use, and in proportion to the amount of power consumed. Electric Fans, Ventilating Outfits, Sewing Machine Motors, Laundry Irons, Curling Irons and other Electric Heating Devices are now in great demand. Wiring at cost.

GET TOGETHER ON EXCLUSION

Agreement Is Reached on
All but One Section of
the Measure.

FOR 16,000-TON BATTLESHIPS

Two Vessels of This Type Provided for
in Naval Appropriation Bill, to Cost
\$1,000,000 Each, Will Be Among the
Largest Warships Afloat.

Washington, April 23.—Conference in the Chinese exclusion bill have practically reached an agreement. The one point still open is that of extending the exclusion indefinitely after May 5 next. The main features of the senate bill have been adopted. The house bill extends the prohibition indefinitely, while the senate limits it until a new treaty is made. This is the only obstacle to be surmounted.

At the instance of house members a specific provision re-enacting sections of the act of 1888 was inserted. In brief, this maintains in force existing laws relating to the exclusion of Chinese and persons of Chinese descent and positively prohibits the coming to the United States of Chinese laborers. The senate bill is also strengthened up with reference to barring Chinese from insular territory. Under the revised section it is made obligatory upon every Chinese entitled to remain in any of the insular territory of the United States, with the exception of Hawaii, to obtain within one year a certificate of residence. Failure to comply will make him liable to deportation. The Philippine commission is especially excited to enforce this section, but if it is found impossible to secure a thorough registration in the archipelago within one year the commission is authorized to extend the time not to exceed one year. In the original senate bill this authority was vested in the United States courts and the corresponding insular courts, but under the agreement reached sole power is vested in the Philippine commission.

Less Money for West Point.

Washington, April 23.—By a vote of 75 to 22 the house decided to reject claims attached to the omnibus claims bill by the senate aggregating \$2,800,000. On the basis of that action non-concurrence was voted in the whole senate amendment (the various items having been ruled to constitute a single amendment) and the bill was sent to conference. Of the rejected claims \$800,000 belong to the French spoliation class, while the rest are miscellaneous.

The military academy appropriation bill was passed after the limit of cost of the improvements at West Point had been reduced from \$6,500,000 to \$5,500,000, and the amount of the appropriation in the bill from \$3,000,000 to \$2,000,000. The London dock charge bill was called up, but was not disposed of. Speaking to a pro forma amendment to the military academy bill, Mr. Feely (Ill.) discussed briefly the question of the violation of the neutrality law in connection with the shipment of rifles and horses to South Africa.

The senate amendments to the rivers and harbors bill were disagreed to, and the bill was sent to conference, with Messrs. Burton (Ohio), Reeves (Ill.) and Lester (Ga.) as conferees.

Plan Big Battleships.

Washington, April 23.—The House committee on naval affairs has completed the naval appropriation bill. The most important item as to new ships was left until the last, and as finally determined upon was as follows: Two battleships of about 16,000 tons displacement, to cost, exclusive of armor and armament, \$1,212,000 each; two armored cruisers of about 14,500 tons displacement each, to cost exclusive of armor and armament, \$4,650,000; two gunboats of 1,000 tons each, to cost \$582,000 each. The following provision is made:

"That the secretary of the navy may, in his discretion and so far as in his judgment is practical, direct that any and all of the vessels herein authorized be built in such navy yards as he may designate."

Provision is also made for building one of each class of ships on the Pacific coast, and that no contractor shall build more than one battleship, cruiser or gunboat. The 16,000-ton battleships will be the largest ever authorized for the American navy, and among the largest warships afloat. The armored cruisers will also be exceptionally large. The amount carried by the bill is slightly above \$76,000,000.

Negroes Favor Crumpacker Bill.

Washington, April 23.—A committee of negroes, composed of ex-Governor Pinchback of Louisiana; Bishop A. Grant, Indiana; E. W. Larrison, Mississippi; and W. McKinley, South Carolina, called on the President and asked his support of the Crumpacker resolution and the bill introduced by Representative Irwin providing for the appointment of a commission to investigate the condition of the negro. They declined to discuss the details of the interview, but said it was a very satisfactory one.

Senators Talk of Philippines.

Washington, April 23.—Most of the day in the senate was occupied with discussion of the Philippine civil government bill. Mr. Hoar presented a resolution providing for adjournment

from Thursday, May 1, to Monday, May 5, to afford time for a spring cleaning of the senate chamber. The resolution went over under the rules. A bill was passed providing for the entry into this country free of duty of a replica of a bronze statue of Rochambeau, to be erected in Washington.

During consideration of a bill providing for a union railroad station in Washington, Mr. Patterson made an attack upon the measure on the ground that it was a gift of a great amount of money to railroad corporations.

Steamship Merger.

Washington, April 23.—Whether or not the Morgan steamship merger is a combination or trust in violation of the anti-trust laws has already been asked at the department of justice. It is further inquired if the government will take action, especially if the combination attempts to raise passenger and freight rates in ocean traffic. The reply given at the department is that no complaint has yet been made.

JANESVILLE MARKET PRICES

Quotations on Grain and Produce Are Reported for The Gazette.

Reported by R. E. McGuire.

April 16, 1902

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher
The Kind You Have Always Bought
In Use For Over 30 Years.

BE WISE TODAY!

TIS MADNESS TO DEFER!

THE USE OF PAINE'S CELERY COMPOUND IN SPRINGTIME.

Means Banishment of Disease and the Establishment of Strength, Vigor, and Permanent Health.

Well meaning and really worthy people often err when sickness and disease come to them. Too often they are content to follow blindly the advice of second rate physicians, who in nine cases out of every ten fail to properly diagnose the ills they are called upon to cure. Too frequently our sick people put their trust and confidence in common advertised pills, nervines, cataparrhas, and other liquid concoctions. Terrible disappointments and results come to the users of such medicines; sickness and disease are aggravated—their dangers vastly increased.

Happy are the people, who when disease has laid its hand upon them, use Dr. Phelps' life giving prescription, Paine's Celery Compound, a medicine that stands without an equal for feeding exhausted nerves, purifying the blood, and building up the weakened and run down system.

Weakly, sickly, and disease laden mortal, it is madness to defer the use of that health giving medicine that has rescued and saved its tens of thousands of lives in every land. Paine's Celery Compound is the one true specific recognized and prescribed today by our most eminent and our most honest practitioners for diseases arising from a debilitated nervous system. You need its use this very day; your condition demands it; common sense and a knowledge of what Paine's Celery Compound has done for others, should be your guide at this critical time of your life. Paine's is the kind that makes sick people well! See that the name is on both bottle and wrapper. Do not be induced to take a substitute of any imitation; you need the kind that has cured others.

DIAMOND DYES. The only pure and unaltered. Never cracks, never fades!

Offering Russian Soldiers.

Vienna, April 23.—The newspaper Globus states that Russia will suspend passenger traffic on the trans-Siberian Railway from April 25, as the line will be required exclusively for military purposes.

FOR OVER SIXTY YEARS.
Be sure and see that old and well-tried remedy. Dr. Wesslow's Bismuth Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures colic and is the best remedy for diarrhoea. See a bottle.

GENERAL FUNSTON AFTER NICHOLSON

Says No Man of That Name Served in His Command.

DENIES HE USED WATER CURE

Kansas, Man Asserts That He Did Not Originate the Torture and says: It Was Not Inflicted by the Soldiers Who Served Under Him.

Denver, April 23.—General Funston to-day telegraphed to Senator Lodge, chairman of the senate committee on the Philippines, asking him to subpoena John Nicholson, who is said to have been a sergeant in the Fourth Cavalry, and examine him under oath regarding the use of the "water cure." Nicholson is reported to have said at Norfolk, Va., that General Funston originated the "water cure" and practiced it almost daily for several months. General Funston said: "I am inclined to believe that Nicholson is a myth. I knew every noncommissioned officer in the troops of the Fourth Cavalry that were under my command, and there was no sergeant named Nicholson." General Funston in his telegram denies ever having seen, used or permitted the "water cure."

Manila, April 23.—Two engagements have been fought between the American troops and the Moros of the Island of Mindanao. Moore of the Twenty-seventh Infantry, while out with a small party hunting for water, was fired upon at long range. Lieutenant Colonel Frank D. Baldwin, with a battalion of troops and a mountain gun, went to the assistance of Moore's party and drove off the Moros, who lost seven men. The firing was at 1,100 yards range. The Moro villages were flying red flags, meaning that they intend to fight to the uttermost. Later Sultan Paulo and a force of natives attempted to recapture the ground gained by the Americans, but the Moros were forcibly dispersed. Datto (chief) Ganasi has sent a delegation to the American commander, tendering the absolute submission of the men under his control. Brigadier General Davis, in command at Zamboanga, Island of Mindanao, has acknowledged the receipt from Washington of instructions to withdraw his troops from Mindanao, but he urges that, owing to the present state of affairs, the withdrawal of the troops will result in the absolute loss of American prestige among the Moros in Mindanao. His orders, however, are explicit. Lieutenant Colonel Baldwin and his forces are beyond the reach of the telegraphic instructions from Washington.

It fills the arteries with rich, red blood, makes new flesh, makes sick people well. That's what Rocky Mountain Tea will do. 35c. Smith's Pharmacy.

A CARD.
We, the undersigned, do hereby agree to refund the money on a 50 cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

Mystery & Minnesota Murder.
St. Paul, Minn., April 23.—The body of Patrick Clarkin, one of the pioneers of this city, was discovered face downward in a pool of water in West St. Paul. After thorough investigation Coroner Miller reported death due to a rupture of a blood vessel caused by external violence. Clarkin's watch was missing, but a little loose change was in his pockets. The affair is mysterious.

Young Vanderbilt Is Ill.
New Haven, Conn., April 23.—Reginald C. Vanderbilt, Yale 1902, youngest son of the late Cornelius Vanderbilt, is ill in his room in Vanderbilt hall. Dr. Fisher, a New York specialist, said that pneumonia was threatened, but he has hopes of arresting the disease.

Japanese Sail for Home.
New York, April 23.—Count Masayoshi Matsukata of Japan and his party who have been touring the United States for several weeks past, sailed for Europe on the steamer Kaiser Wilhelm der Grosse.

STILL KEEPS IT UP.
"During a period of poor health some time ago I got a trial bottle of Dr. Witt's Little Early Bitters," says Justice-of-the-Peace Adam Shank of New London, Ind. "I took them and they did me so much good I have used them ever since." Safe, reliable and gentle, Dr. Witt's Little Early Bitters neither gives nor distresses, but stimulates the liver and promotes regular and easy action of the bowels.

Builds up the system, puts pure, rich blood in the veins; makes men and women strong and healthy—Burdock Blood Bitters. At any drug store.

"I suffered for months from sore throat. Electric Oil cured me in twenty-four hours." M. S. Gist, Hawesville, Ky.

No matter how long you have had the cough; if it hasn't already developed into consumption Dr. Wood's Norway Pine Syrup will cure it. Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

SSS SKIN DISEASES

The skin is provided with millions of little pores and glands invisible to the natural eye, yet through these tiny outlets the larger part of the deadly matter that daily collects in the body is carried off. But nature never intended that poisons of an irritating or acid character should be eliminated through the skin, the Liver and Kidneys being their natural outlets, and it is when these important organs fail to perform their functions that these acid poisons are absorbed into the blood and find their way to the surface of the body through the pores and glands of the skin, producing intense itching and burning, inflammation and swelling, and eruptions of every conceivable size, shape and character.

Skin Diseases differ greatly in their general characteristics and degrees of intensity. Red and angry looking spots break out upon some part of the body with a mass of small pustules or blisters, from which is discharged a clear or straw colored fluid, which dries and flakes off in bran-like particles and scales, or forms into hard and painful sores and scabs. The skin often hardens and dries, cracks and bleeds from the effects of the fiery acids, which the blood is continually throwing off. Pimples, black-heads and blotches are evidences of a too acid blood, which has become inflamed and clogged the pores.

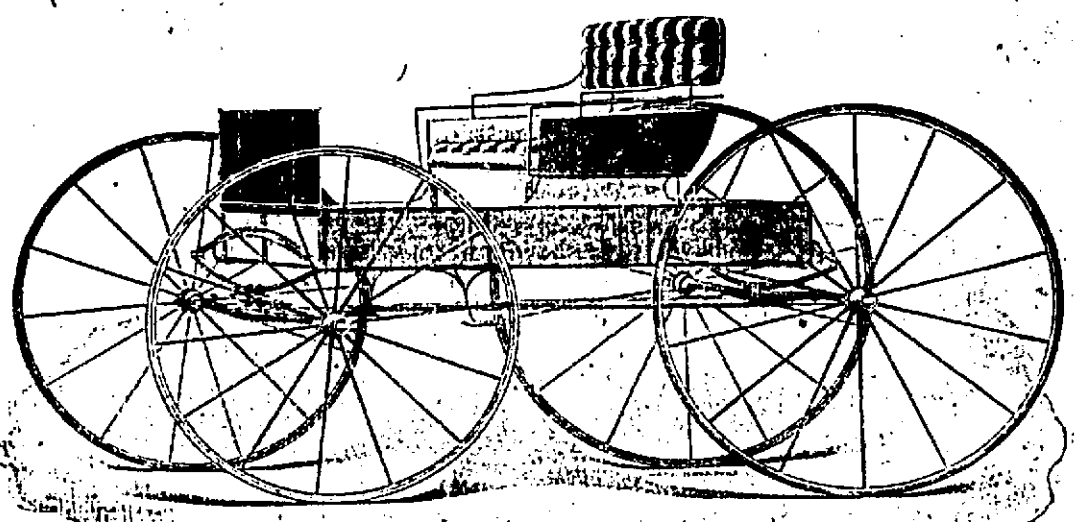

Skin Diseases being dependent upon the same causes require the same treatment, which must be constitutional and not external. Nothing applied locally to the inflamed surface can bring much relief. The disfiguring eruptions will continue to annoy and pain you in spite of soaps, washes or powders. There is no hope of getting rid of a skin disease except through the purification of the depreciated blood and neutralizing and filtering out of the circulation all poisonous substances and acids.

The purifying and tonic properties of S. S. S. soon manifest their influence in skin affections; the debilitated system is invigorated and toned up, and the gradual disappearance of the eruptions show that the polluted blood is being brought back to its natural purity and strength. Old chronic skin disorders, which have resisted all the ordinary methods of treatment, readily yield to the curative powers of S. S. S., and there is no reason why the long time sufferer should feel resigned to his fate under the mistaken idea that some skin diseases are incurable, for S. S. S. has cured and is still curing cases perhaps far more desperate than yours. S. S. S. is a purely vegetable remedy, containing no Potash, Arsenic or any of the poisonous drugs which constitute the basis of so many so-called skin cures.

SALT RHEUM, ECZEMA, TETTER, NETTLE RASH, PSORIASIS, ACNE, BOILS.

The proof of the pudding &c. Read the following letter, which is one of the many we are receiving every day:

THE LATEST NEWS FROM FREEPORT.

Wisconsin Carriage Co., Jansville, Wis., Freeport, Ill., April 4, 1902.
Gentlemen: I have just sold the No. 50 surrey to the mayor of our city. Ship me another just like this one at once. Also ship the 22 inch buggy, No. 25 buggy as soon as possible. Have just sold ten jobs, and out of the ten, seven were the Jansville buggy, which shows they are by far in the lead, and at the top of style, finish and quality.
Respectfully Yours,
AUG. BERGMAN.
